Total of 4976.

15 jurisdictions are missing. I will follow up on that. Would love to eclipse that 5,000 mark.

Let me know if you need help from me. I can build a totaling spreadsheet if that doesn't already exist.

Precisely. It will be interesting to see how closely these numbers match his "custom" report. The time periods are slightly different however.

At long last, the VERIS report from Cortes. I'll work on totaling things up and we can discuss plans then.

Mr. Johnson and Ms. Powell,

This email is in response to your letter of March 14, 2017. Attached is a PDF of the VERIS non-citizen cancellation report for the period of January 1, 2011 to March 20, 2017. The majority of this data was already provided to you in a different format on September 30, 2016.

The Department initially offered you a customized report on September 16, 2016 that contained the following information:

- ? Voter ID number
- ? Last Name
- ? First Name
- ? Middle Name
- ? Current Registration Status
- ? Date non-citizen correspondence was sent
- ? Date of response correspondence received
- ? Registration Address

You requested that customized report on September 26, 2016 and it was provided on September 30, 2016. That report contained information for the time period of August 1, 2011 until September 29, 2016. This report was offered outside of our routine federal or state public disclosure requirements for the purpose of reducing the data collection burden on your organization and the effort required by local registrar offices in providing a response to an extensive records request in close proximity to a federal election. The report also provided a much more robust data set in an effort to meet your research needs and was created in an excel format to facilitate data analysis.

On March 14, 2017, you reiterated your request for a specific system-generated report, "the VERIS-generated Noncitizen Report," that contains only a subgroup of the data already provided to you last fall. The attached report contains:

- ? Precinct Number
- ? Name
- ? Address
- ? Registration ID number
- ? Cancel Date
- ? Cancel Type

As we have now provided both a more extensive data set in a user-friendly format and the subset of data you requested in a system-generated PDF report, we consider this request complete. Please submit any future data requests to foia@elections.virginia.gov

Virginia Department of Elections
